The yearbook is organized a little differently than it has been in the past. With the pandemic going on throughout the whole school year, a few changes had to be made. The organization of the book begins with all the events in the fall, including portraits. Next, the book moves to winter, then ends with spring events.

The health and safety of all students and staff remained a priority during the creation of the 2021 yearbook. Students remained socially distanced and were permitted to briefly remove their mask only while their photo was being taken.

Junior year Beginning Vs. End

The 2021 school year started off with several covid restrictions, a new way of learning, and many frustrated students. However, through all the chaos and never ending reminders of this crazy year, the junior class succeeded to become mature, prepared students. Through many, many AP tests and stressful days, the junior class is well ready to be seniors and on their way to succeed in their future.

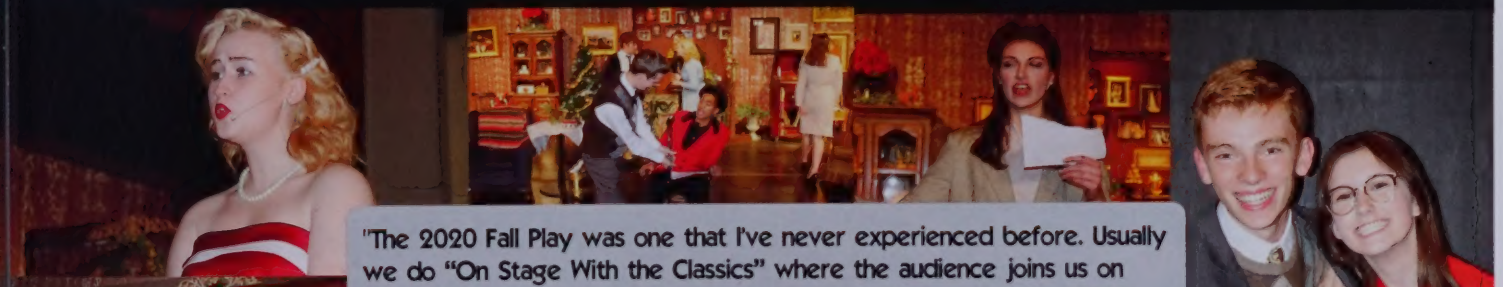
"THE MAN WHO

CAME TO DINNER"



"The 2020 Fall Play was one that I've never experienced before. Usually we do "On Stage With the Classics" where the audience joins us on stage for a personal performance experience. However, with COVID guidelines, we had the audience sit in the auditorium seats and we pushed our set up to the front of the pit with our new pit cover. This allowed for us to build a bigger set that I quite enjoyed; it felt like a true 1920's upper class family home. I love family shows; it creates a bond like no other. I enjoyed being June Stanley, the rebellious daughter who wants to marry her true love. I grew closer with my cast mates, especially those who played my family such as Jesse Graves, Zaira Finderson, and Travers Mason. We had tons of fun, both on stage and off. Although it was much different then regular years, it has to be one of my favorite shows I've done. The comedy was hilarious, the casting was perfect, and everyone was so excited to get back into live theater. I definitely can't wait to share the stage for my final fall play next school year." - Eva Hallman- (Junior)

2021 DeKalb's Foreign Exchange Students

With the global pandemic starting before the beginning of the 2020-21 school year, these girls weren't sure if they were going to be able to make it to America as an exchange student.

They have enjoyed every minute here, not knowing if they would have to go back home. But they finished the school year in America. Some participated in sports, attended prom and even traveled throughout the country! They will be missed and we hope they had a wonderful experience at DeKalb High School!

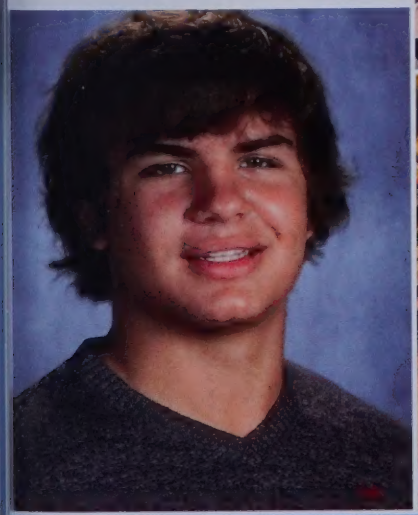
Shine like the stars"



Thanks for the memories, Barons!

The 2021 Yearbook Staff put together a great 54th edition of the Saber, and did it during a pandemic. Thank you for everyone who contributed photos due to limited spectators at events, especially during the first half of the year. Our goal is to get everyone in the book as much as possible, but some students chose not to participate. Thank you to all who gave quotes or photos for the various features in the book.

The Saber Staff chose the theme "Having a Record Year" because of the many obstacles everyone had to overcome and our ability to be one of the few schools who stayed open all year! Each page highlights a song lyric or title to go with the theme.

Special thanks to Michelle Hollandsworth and Josh Reidy,our production representatives, and to Ms. Rohm for all her help in editing, advising, and suggestions. We especially liked our Chai Bread and pizza parties.

We worked many hours in and out of school, and we are proud of the book. If you appear on a page but were not properly indexed, we apologize. This is a student publication, so we apologize for any error that may have been overlooked.

LOGAN STAHLY

Logan, Congratulations! We couldn't't be more proud of the smart, funny and caring young man you have become. Your future is bright. Dream big and chase those dreams. We can't wait to see all that you accomplish in life.
